Kelly, 52: A regal film beauty, a storybook

Henry Fonda, 77: lean, prairie-accented limner of quiet Americans "Goodnight Mr. Roberts," "Mr. Lincoln," "The Long Walk Home" and dozens of other film stage and TV portraits, of which the last—as Norman Thayer in "On Golden Pond"—won him his first Academy Award.

Ingrid Bergman, 67: "Here's lookin' at you kid," said Bogart to her in "Casablanca"—and the world kept looking at the three-time Oscar winner—even after a stormy extramarital affair with Italian film director Roberto Rossellini temporarily derailed her career.

John Belushi, 33, the wild-eyed samurai samurai slicer of television's "Saturday Night Live" and ferocious food fighter of "Animal House" who died officially of natural causes amid hints this some cocaine abetter high living may have played a part.

## SUPERINTENDENT'S MESSAGE

Congratulations to the graduates of the Class of 1984 who have attained a most sophisticated and technical level of vocational skills available in the education community today. In addition to this outstanding academic recognition, you should also be extremely proud of your contributions as a class to the local community, to the school, and especially to each other. As you pursue your various areas of vocational expectations, you should be aware that you are entering an economic market in the New England area that reflects an explosion of technological change, capital proliferation, and individual opportunity that has rarely existed in this country in the last 25 years.

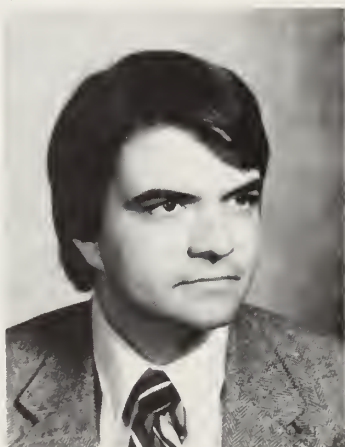

No longer will your specialized skills carry you far into the economic future. Today's graduate must be prepared for a lifetime of learning. It is no longer so important how you start in today's society, but how you finish. Most of you have been able to secure employment positions after graduation due to the mastery of your various vocational skills. It is, however, most important to recognize that your language and communication skills, your study habits, your mathematics aptitude, and your science background will be needed in order for you to compete throughout the balance of your economic life. Please do not allow these abilities to be neglected. Continue to improve your vocational skills, but at the same time, continue to nurture all the skills that you have taken with you from this fine school.

The Class of 1984 has left a legacy to the Greater Lowell Regional School District and Community. The Vocational Industrial Clubs of America chapter at the school produced some of the most highly skilled competitors from the New England area since the organization was founded several years ago. Athletic successes in the Commonwealth Athletic Conference produced division champions, and several teams were proudly represented in state tournament competition. In addition to the major achievements, let us not forget all of those day to day rewards that you provided to the citizens from the Regional School District.

Community projects such as home weatherization, the annual Christmas Fair, the VICA coupon book, the Spring and Fall Blood Drives, the Toys for Tots campaign, and the elderly meals program represent some of the day to day activities that many of you simply assume are part of your education, without knowing the joy and satisfaction that you have given to the children, elderly and community leaders of the district.

I wish you much success and I am confident that you will use your years at the Greater Lowell Regional Vocational Technical School to become a positive force in this community in the years to come.

SPRING SPORTS BANQUET

Look out Blue Moon, here I come!

Get down on...

Think you can get it out of the circle?

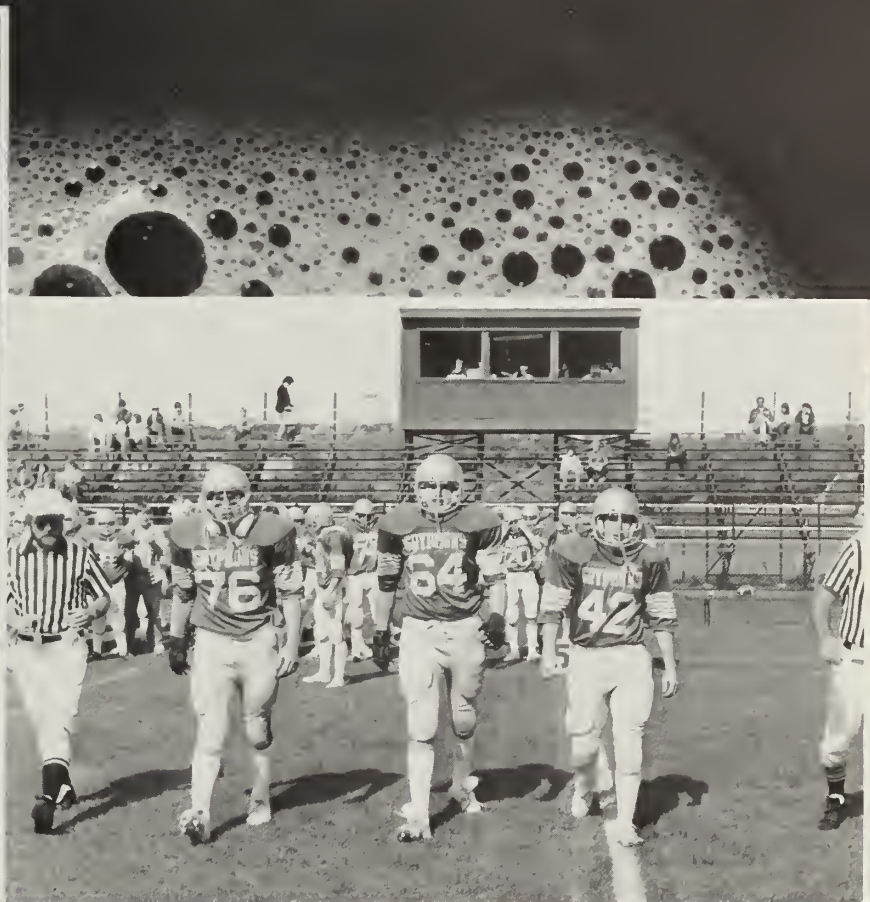

Move over bacon, here comes sizzlean!

OK, let's synchronize our watches!

That's right, we're bad!

I was born to do this

These things get higher every time

Who stole the cheerleaders?

When he said break, I thought he meant dance!

I knew I should have been a ballerina!

For a minute, I thought I had the ball.

Benched again.

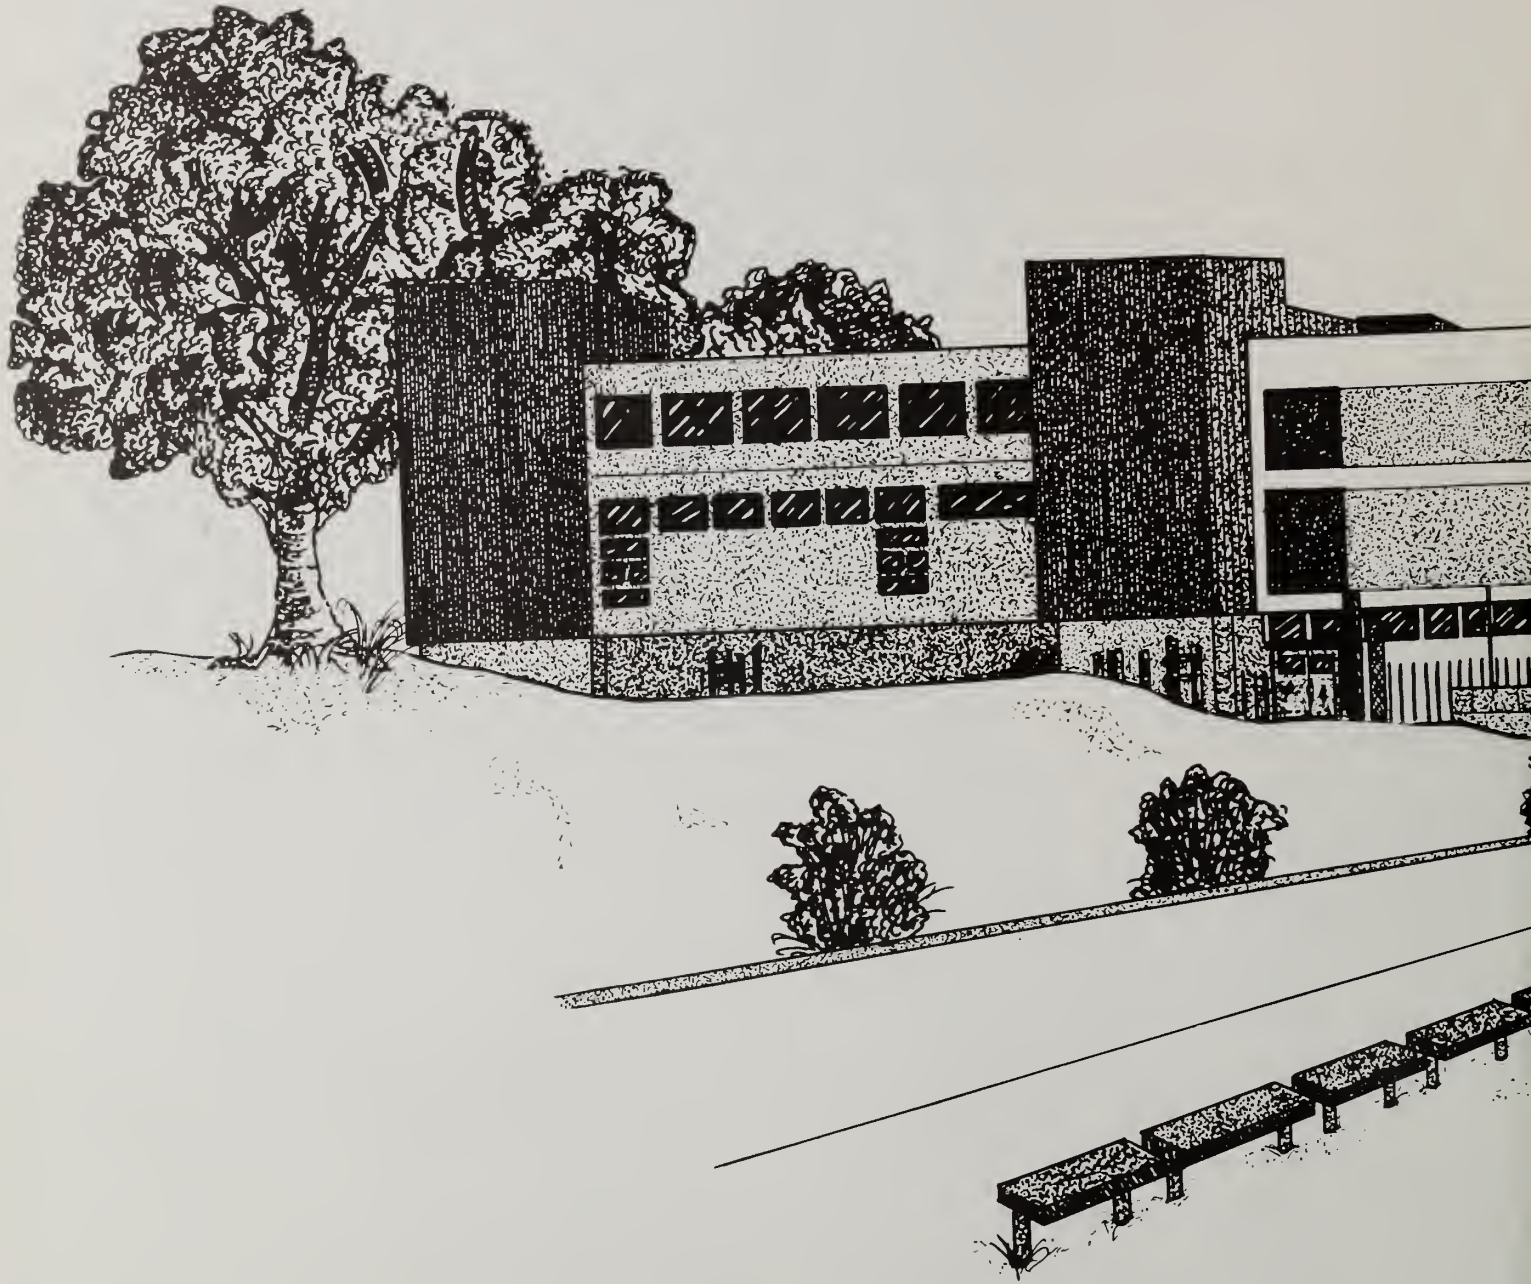

I have a life membership to Gloria Stevens.

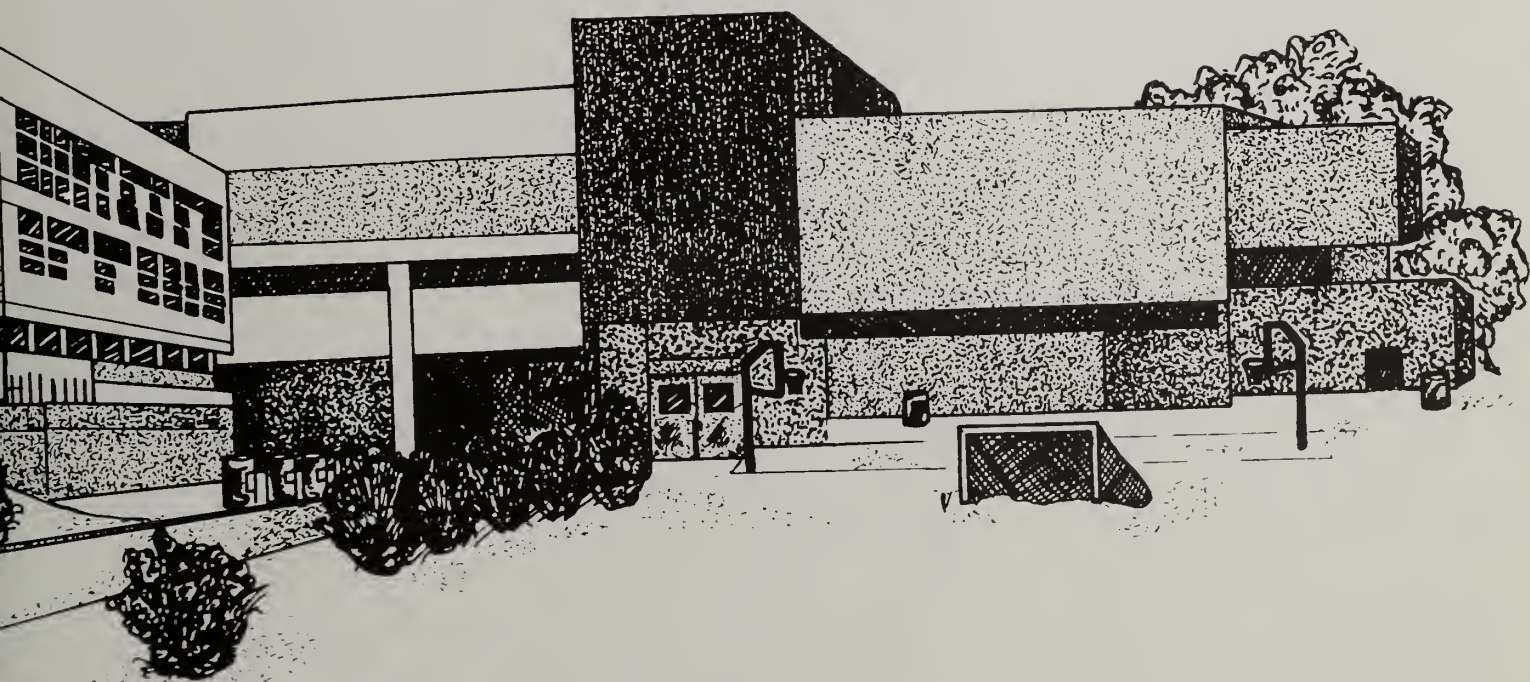

Which way did it go?

*A Word From A Friend . . . . .*

170

The blind leading the blind!

Me?!? Twins?!?!

Excuse me, could you find her another seat?

Look out Playboy, here we come!

And the bus went right by you without stopping?

• You want an hour?

Now what do I do, the poles stuck?!

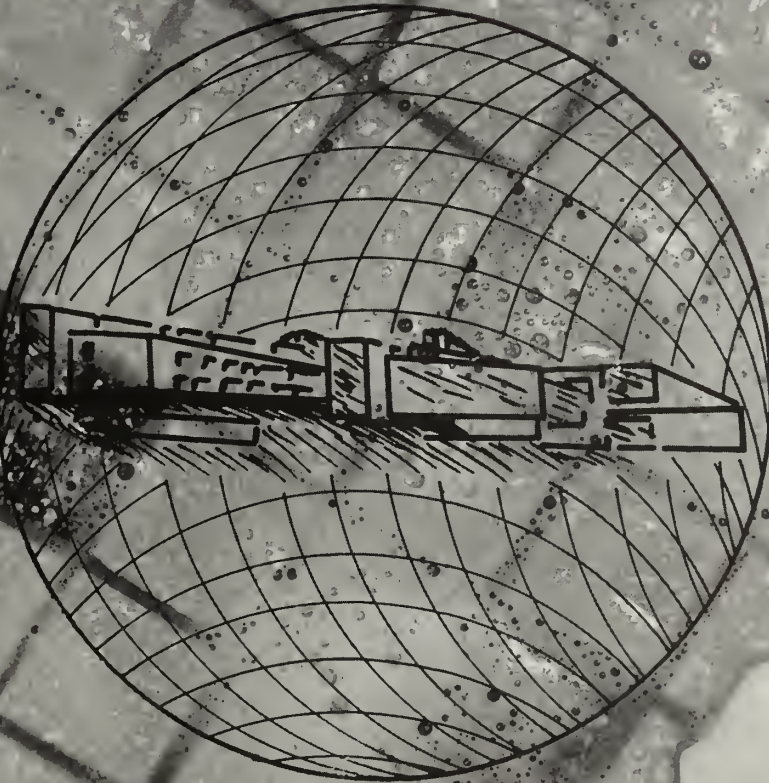

Now how do I spell Michael?

Oh, you beautiful doll

### JEANNE D'ARC CREDIT UNION

ASSETS OF \$35,000,000

SERVING ALL RESIDENTS OF GREATER LOWELL FOR 70 YEARS

*As one of the oldest credit unions in the Country, we are proud of our humble beginnings in the basement of St. Jean Baptiste Church where, some seventy years ago, we encouraged school children to save their pennies. Jeanne D'Arc Credit Union, sometimes referred to as "The Little Bank Around the Corner," now occupies modern facilities just a stone's throw away and some of these same children are still with us. They, their children and their grandchildren have helped us grow into a \$35,000,000 banking institution serving all residents of Greater Lowell. Our friendly, courteous staff strive to serve our customers as individuals and not as numbers. We invite you to come in and see us or at least call us about our high savings and favorable loan rates.*

Our seniors are now being cast in many new exciting and challenging roles in the big soap opera of life. Best wishes & congratulations are sent that they may achieve the roles in life to make their "soap opera" interesting, intriguing, stimulating and most of all successful.

Stars of the "Soap Diest" who rate special thanks include: Kim & Wendy, Nancy & Elise, Denise, Marie, Raeanne and Tina, Karen & Michelle, Joanne & Tammy. Your assistance was greatly appreciated.

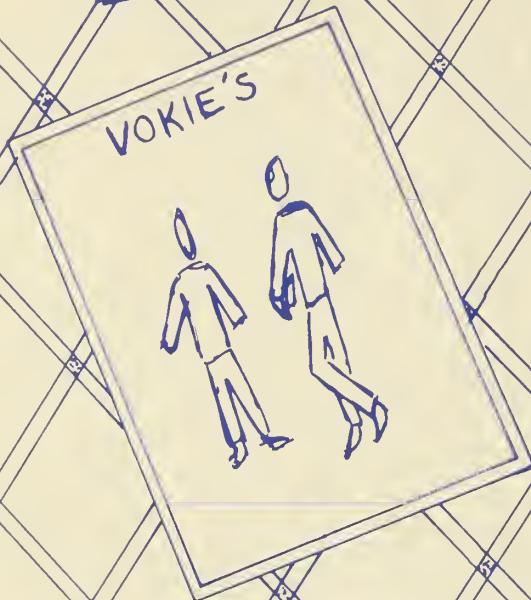

**Best of luck to all of you . . . . .**
